EASTER SUNRISE SERVICES - TORRANCE CITY PARK - EASTER SUNDAY MORN - 6:30 A.M.

EASTER'S message of Eternal Hope for the world holds greater meaning than ever for all of us this year. Through the fight for freedom that lies before us we must have deep-rooted spiritual courage and steadfast faith in the good for which we fight. We wish to give, we **MUST** give, the fullest measure of support. In these crucial days each of us has a very personal need for Almighty guidance. Come to Church and receive the renewed strength that is Easter's shining promise to those who listen for its message of Hope.

Prayers for our men and women in service, prayers for the victory of the Allied powers... these are prayers from our hearts. But the message of Easter has broader dimensions. This is an Easter season in which we should give thoughtful consideration to the better world that is the goal of our war. This Easter brings the promise of broader horizons, brighter horizons... for this promise we can give thanks together... toward the realization of this promise we can gain new inspiration by joining together on Easter morning.

Torrance Post-War Planning Committee Ready to Function

retained when peacetime activities are resumed. In opening the meeting, Secretary Lewis explained its objectives. He said: "Our community, like thousands of others throughout the nation, needs the thinking civic leaders to plan to make Torrance a better place in which to work and live after the war. "We feel that too much stress is being laid on post-war planning not enough on war urgency planning. If our war urgency plans are properly consummated, a sound economic development will result as an incident, with little automatic and supplementary planning. We all realize, I am sure, that there is an urgent need for adequate planning of present and post-war activities. We are so busy winning the war that we have been unable to prepare detailed programs. We need the leaders in this community to send their top men to our planning meetings—we must send men to the mill if we expect a full day's grist. "We must secure collaboration between public officials, citizens, merchants, professional men and industry.

Two Programs will be outlined, accordingly, one for immediate action and the other for long-range adoption. "The Chamber of Commerce will act as a steering committee, collect current literature on the good experiences of other communities, submit only interesting and practical matters to your committee, handle the clerical details and coordinate as required. "If there is a margin between what the community is and what it should be, then there is a need for this committee. "We have enough talent in the Torrance area to permit formulating of a plan to be followed by the rest of nation—the Torrance Plan, if you please."

Present were: S. Neely, Bohn Aluminum & Brass Corp.; J. H. Stroh, chief of police; L. Roy D. Owen, Committee for Economic Development; J. B. Pitman, Aluminum Company of America; Don H. Hyde, Columbia Steel Co.; H. R. Lee, J. C. Penney Co.; William H. Tolson; Harvey Crawford, Torrance Aluminum Products Co.; John McEwen, International Derrick & Equipment Co., and Chapman Wentworth, Longren Aircraft Co.

Others Accept Additional acceptances of places on the advisory committee were announced today by Lewis, as follows: S. Neely, C. W. Hooper, superintendent, the Dicalite Co.; R. I. Kelley, personnel director, Goodyear Rubber Co.; H. C. Barrington, Barrington Welding and Machinery Co.; A. L. Jackson, International Derrick Co.; Fred Cook, Torrance Brass Co.; H. A. Medley, United Sulphur Co.; Harold Perry, Torrance High school; Charles Koors, transportation expert; James Lynch, chairman of the Chamber of Commerce steering committee.

Schools to Resume Classes Next Monday

It will be back to school again next Monday morning when classes resume in all Torrance and Lomita schools, following the Easter week vacation. The Torrance Evening High school will open again Monday night. Classes are in session from 7 to 9 on Monday and Wednesday evenings. The physical education classes are open to both men and women. Recently a course was started in drafting and blueprint reading. In the commercial field courses are offered in comptometer, typing and shorthand. Anyone interested in enrolling may telephone or call at the Torrance High school any time after 6:30 on Monday and Wednesday evenings.

Business, professional or personal cards are readily obtainable at the Torrance Herald office. Phone Torrance 444, 443
